## Competition Format and Rules

Formato e regras da competição / Format et règles de la compétition

As of MON 25 JUL 2016

### Olympic competition format

Four events make up the archery competition at the Rio 2016 Olympic Games – the men's and women's individual and men's and women's team events. The individual tournaments have 64 participants each. The team tournaments consist of 12 teams of three athletes from a single NOC.

Each event comprises the 70m round and the Olympic round, with the former used to rank athletes and teams for the latter round.

The Olympic round for each event is a head-to-head single elimination format.

A match-play table is prepared for the individual and team elimination rounds, based on the rankings after the 70m round. The individual competitions consist of elimination rounds (1/32, 1/16, 1/8) and final rounds (quarterfinals, semifinals and finals). The team events have one elimination round (1/8) then the final rounds (as there are only 12 teams, the four highest ranked teams receive byes into the quarterfinals).

### Differences between the World Archery Championships and the Olympic Games

The World Archery Championships has more competitors and only 104 athletes advance from the 70m round to the elimination rounds. The top eight athletes receive an automatic bye into the third round of the competition (1/16). At the 2015 World Archery Championships, over 250 athletes competed in the men's individual competition.

There are world championships in many archery disciplines, which are as follows: outdoor target archery, indoor target archery, youth archery, field archery, 3D archery and para-archery.

### Changes since the London 2012 Olympic Games

The scoring system for the Olympic rounds in the team events has changed.

At London 2012 the scoring system for team events was cumulative points, while at Rio 2016 it will be based on set points, like the individual competition. In the head-to-head matches, teams of three athletes shoot sets of six arrows (two arrows per athlete), winning two set points for each highest-scoring set. Each team gets one set point if the set is drawn. The first team to score five set points wins the match.

### Sport rules and procedures

The target face used at the Olympic Games is 122cm in diameter. It is divided into 10 rings with each awarded a score between one and 10, with the innermost ring, measuring just 12.2cm in diameter, worth 10 points.

### Individual events

In the individual competitions, athletes shoot 12 ends of six arrows (72 in total) to complete the 70m ranking round for a maximum score of 720. Archers are then seeded according to their final score.

For the Olympic round, athletes shoot in a head-to-head elimination bracket, where the winner of each match advances and the loser is knocked out of the competition. Each match is the best of five sets of three arrows. The athlete with the highest cumulative score, to a maximum of 30 in each set, is awarded two set points. In case of a tied set, both archers receive one set point. The first to reach six set points is declared the winner.

If the match is tied at 5-5 after five sets, there is a single arrow shoot-off. The athlete who shoots an arrow closest to the centre of the target is declared the winner.

The higher seeded athlete decides who shoots first in the opening set of each match. The athlete with the fewest set points shoots first in each following set; if the set points are tied, the athlete who started the match shoots first. In individual matches, athletes shoot alternately and have 20 seconds per arrow.

### Team events

In the team competition, teams are ranked on the cumulative score of their three archers from the 70m ranking round, with a maximum score of 2,160.

For the Olympic team round, teams shoot in a head-to-head elimination bracket, where the winner of each match advances and the loser is knocked out of the competition. Each match is the best of four sets of six arrows (two arrows per team member per set).

The team with the highest cumulative score, to a maximum of 60, in each set is awarded two set points. In case of a tied set, both teams receive one set point. The first team to reach five set points is declared the winner.

If the match is tied at 4-4 after four sets, there is a shoot-off, in which each member of each team shoots one arrow, alternately one arrow at a time. The team that shoots the highest score wins the match. If still tied, the team that has an arrow closest to the centre of the target is declared the winner. If the closest arrows are determined to be the same distance from the centre then the second-closest arrow is compared, and so on.

The higher seeded team decides who shoots first in the opening set of each match. The team with the fewest set points shoots first in each following set; if set points are tied, the team that started the match shoots first.

Each team has 120 seconds to shoot its six arrows. The teams alternate in three-arrow series. The athletes can choose who shoots first and can change the order without restrictions as long as each team member shoots one arrow per alternation.

### Tiebreak rules

#### Ranking Round

Tiebreak for individuals and team:

- Greatest number of 10s (including inner 10s).
- Greatest number of Xs (inner 10s).
- If athletes/teams are still tied, a disk toss will decide the position (computerised disk toss may be used).

#### Olympic round

Tiebreak for individuals:

A single arrow will be shot by each athlete and the highest score wins. If still tied, the athlete with the arrow closest to the centre wins. If still tied, the process will be repeated until there is a winner.

Tiebreak for teams:

A single arrow will be shot by each team member and after the first three tiebreaking arrows are shot, the team with the highest score wins. If still tied, the team with the single arrow closest to the centre wins. If still tied, the second arrow closest to the centre will determine the winner, then the third arrow.

If teams are still tied, the process will be repeated until the ties are broken.

#### Final ranking

Tiebreak for individuals and teams:

The process for ranking the losers with the same score (in the same round) is as follows:

- The athletes/teams are ranked at the same position and the subsequent place will take into consideration the number of tied athletes/teams.
- For positions five to eight, individuals and teams are ranked first by set points then total arrow score.

### **Penalties/disqualification rules**

There are a number of penalties for infractions. The most common are:

- If an athlete or team shoots outside the allocated time they will lose the value of the highest scoring arrow of that set or end (red card).
- An athlete crossing the waiting line to approach the shooting line before their team-mate has returned beyond the waiting line will receive a yellow card.

### **Protests/appeals**

With the exception of the value of a judged arrow and a yellow card, participants can appeal against any issue they deem unfair.
